

Anchor Root Int'l Co., Ltd.

All kinds of auto parts, auto body parts, suspension parts, filters etc.

Established in 1990, Anchor Root Int'l Co., Ltd. is a seasoned trading company headquartered in Taiwan supplying comprehensive aftermarket (AM) auto parts, all of which, according to the company, are high quality and reasonably priced.

The company says it can source all kinds of auto parts for global customers according to their requirements of quality and price, from a big group of makers mainly in Taiwan and China, as an all-round agent.

Anchor Root claims to have very strong competitiveness especially in automotive body parts, suspension parts, and all types of filters (oil, air, fuel), backed by close and stable partnerships with more than 200 suppliers to also offer engine, electrical, steering, brake, auto lamps, sealing parts, among others.

Besides AM replacement parts for mainly passenger cars, Anchor Root also help customers source components for trucks, buses, agricultural machinery etc., with major export markets being Latin America and Eastern Europe, as well as global customers who are satisfied with the company's good product quality, rapid response and service, and on-time delivery.

Anchor also help customers develop molds and dies according to product samples or drawings.
