

Kang Chyau Industry Co., Ltd.

Three-layer blown film
extruder, plastic inflation
machine, plastic recycling
machine

Kang Chyau Industry Co., founded in 1988, is a maker in Taiwan of plastic processing machines, with expertise in innovation and continuous efforts in research and development. It now supplies a wide variety of three-layer blown film extruder, plastic inflation machine, plastic recycling machine, plastic extruder, HDPE/LDPE/LLDPE plastic inflation machine, PP plastic inflation machine, stretch film PE extruder, two-head HDPE plastic machine, etc.

Kang Chyau purchases key components and parts from industrialized nations to ensure quality, including solenoid switches from Telemecanique, a renowned French supplier, and shaft bearings from SKF, a reputable Swedish brand.

All of Kang Chyau's membrane-blowing machines incorporate the most sophisticated meters and timers available, with the gears of each main ejector unit having to pass stringent grinding to ensure smoothness.

The maker keeps vast inventory of accessories to enable buyers to place urgent orders and procure replacements parts quickly.

Besides welcoming original equipment manufacturer (OEM) orders from abroad, the maker also remains globally competitive with market diversification, prompt delivery, and efficient after-sales service, claiming to have exported its products to over 62 nations.
